Morris Press Cookbooks now offers a way to make designing a beautiful custom cover easy and affordable. Choose from 9 Designer Series Cover Templates. They're ideal for family, church, wedding, and organizational cookbooks.

All cover templates will accommodate either a horizontal or vertical photo. Provide the wording and let us do the rest!

A Designer Series Cover Template will be charged as a custom full-color cover, which is **20¢/book**. Designer Series matching back covers are **FREE**. If back covers are altered, there will be an additional charge of **20¢/book**.

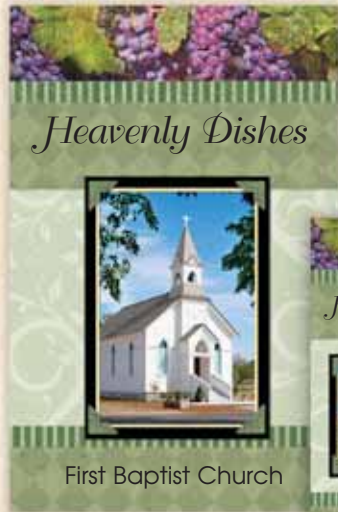

Foil stamping is available with some templates for an **extra charge**. See Optional Features Pricing. Foil stamping looks best on a dark background, so we offer alternate designs.
